## ● ABOUT MYSELF

I am Md. Nura Murtaza Aafi, a first-year Electrical and Electronic Engineering (EEE) student at Khulna University of Engineering & Technology (KUET). I am currently developing my programming skills in C and Python, with a growing interest in research fields such as Machine Learning and Telecommunication. Passionate about innovation and academic excellence, I aim to contribute to impactful research and pursue higher studies in the future. I am eager to learn, explore new technologies, and build a strong foundation for a career in engineering and research.

## ● SKILLS

Microsoft Powerpoint | Python
